

Dear Sir or Madam,

This concerns the NAB'S petition (04-160) petition to limit satellite radio's ability to provide local content. As an XM satellite subscriber, I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I am willing to pay for.

Thank you for your consideration of my viewpoint on this matter.
